

## Contours

Custodian: The Corporation of the District of Saanich, GIS Section

Revised Publish Date: Feb 22, 2018

Abstract: Contours represent lines that join points of equal elevation within the District of Saanich. They are comprised of continuous lines in 1 metre height increments and are derived from aerial photography captured in May 2017.

Purpose: Contours are captured to support District management and planning needs.

Status: Complete

Update Frequency: Irregular, approximately every 2 to 4 years.

Credits: The Corporation of the District of Saanich, Corporate GIS, Aeroquest Mapcon Inc.

Coordinate System: NAD 1983 UTM Zone 10N

Geometry Type: Line
